

By bringing together the strength of Steel and the efficiency of aluminium, the Alessia twin offers unrivalled finish and curved detail using a patented system to combine the two materials. Rapid warm up, low water content and an industry beating 20 year warranty makes this range stand out from other aluminium radiators.

Model	Colour	Height (mm)	Length (mm)	Depth (mm)	Output Watts	Price
ALHT 572-640	White	572	640	87-95	968	£199
ALHT 572-800	White	572	800	87-95	1210	£248
ALHT 572-960	White	572	960	87-95	1452	£298
ALHT 572-1120	White	572	1120	87-95	1694	£348

Alessia
vertical

Alessia vertical

Alessia vertical is a high output, lightweight, rapid warm up aluminium radiator, perfect for when space is an issue but a high output is required.

Model	Colour	Height (mm)	Length (mm)	Depth (mm)	Output Watts	Price
ALV 1442-240	White	1442	240	100	750	£157
ALV 1442-320	White	1442	320	100	1000	£207
ALV 1442-400	White	1442	400	100	1250	£256
ALV 1442-480	White	1442	480	100	1500	£306
ALV 1442-640	White	1442	640	100	2000	£405
ALV 1842-240	White	1842	240	100	891	£178
ALV 1842-320	White	1842	320	100	1188	£235
ALV 1842-400	White	1842	400	100	1485	£291
ALV 1842-480	White	1842	480	100	1782	£348

Alessia horizontal

Alessia horizontal offers true flexibility with the option to join or even replace sections, as well as being ideal for standard heating systems, it's a great choice for use on low temperature systems such as heat pumps, air source and to partner underfloor heating systems.

Model	Colour	Height (mm)	Length (mm)	Depth (mm)	Output Watts	Price
ALH 430-320	White	430	320	95	364	£61
